

2022

THE YEAR IN REVIEW

We are both proud and grateful that in 2022 YSM was able to deliver notably increased services to community members who turned to us for support. This is a true testament to how resilient our organization, and the people within it, are.

Despite the challenging post-pandemic environment, its continuing impacts and the rising cost of living, our work to provide a holistic approach to exiting poverty helped our community members on their journey to move from merely surviving to thriving.

We could not have done all of this without the support of our generous donors. As we begin a new year, we are aware of the challenges we are all facing as costs continue to increase along with the number of community members requesting our services. With your help, we will successfully fulfill our mission!

THANK YOU for your partnership and commitment as we continue to work to eradicate chronic poverty in Toronto.

Below are some statistics to help you to understand the impact of your 2022 support.
